

2012-2014 Art on the Trailways

National Open Call

Art on the Trailways is a project of the Greater Greenwood Arts Council in Greenwood, Indiana in partnership with the Greenwood Parks & Recreation Department. This open call is for outdoor three-dimensional art. Awards are for a two-year loan of \$3,000.

Location

Polk Hill Trail was built in 2004 as part of a greater Trails and Greenways Master Plan. It is adjacent to Smith Valley Road which is a gateway to the city of Greenwood. Surrounded by a golf course, residential homes, apartments, and condominiums, it leads to a pedestrian bridge and Craig Park. Most viewers of the artwork will be vehicular traffic, however, we would like to encourage utilization of this multi-use trail.

Project Scope and Requirements

Submission of ready to install original sculptures will be accepted through February 15th, 2012 (11 p.m. EST). Works must withstand the weather elements and be appropriate for all ages. Unstable or poorly constructed work will not be accepted. Artwork may be made available for purchase.

The artist is responsible for the following:

- Transportation to and from the site
